

Fall Art Classes 2015

Wow Cows (grades 3-5)
Saturday, October 10, 9:00am to 12:00pm (1 day class)
Each student will have a small toy plastic cow, black and white. We will practice drawing it and when a good image is achieved we will go over the lines with crayon pastels (in many colors). We will then use watercolors to carefully paint in the different areas on the cow, the sky and the background. The results will be a Technicolor Art cow of the highest order!
FEE: \$15

Bill Whorrall, Instructor

Photo Copy Weave Faces (grades 3-5)
Saturday, October 17, 9:00am to 12:00pm (1 day class)
We will photograph each student's face and enlarge it on the photocopy machine. Each student will have 2 copies. These will be painted with watercolors and then woven into each other. Since the color of each picture will be different, when they are woven together the total image is of one face and the interwoven section of different colors produce a very interesting image!
FEE: \$15

Bill Whorrall, Instructor

Drawing Still Life on Toned Paper (HS and Adults)
Saturday, October 24, 9:00am to 12:00pm (1 day class)
Drawing still life objects teaches many thing including composition, shading and proportion. Drawing on toned paper produces a very special effect. The paper gives you a middle tone immediately so the student can work on the darkest and lightest areas to create an image faster and easier. Great for anyone who likes to draw or just wants to improve.
FEE: \$15

Bill Whorrall, Instructor

Drawing Sunflowers (grades 3-5)
Saturday, October 31, 9:00am to 12:00pm (1 day class)
Each student will be looking at a group of sunflowers and sketching them with pencil. We then paint, allow to dry and go over with black pen lines. When the background is filled in with black or dark blue the results is a detailed and image full of sharp contrast sure to please!
FEE: \$15

Bill Whorrall, Instructor

Drawing with Found Objects (Adults)
Saturday, November 7, 9:00am to 12:00pm (1 day class)
This is one of our most popular classes for adults. The materials are simple, ink and paper. You will be shown how sticks, leaves and other found objects can be used to draw landscapes outdoor. The results are amazing!
FEE: \$15

Bill Whorrall, Instructor

Learning to Draw in 1-point Perspective (HS and Adults)
Saturday, November 14th, 9:00am to 12:00pm (1 day class)
Students will learn drawing using Renaissance 1-point perspective.
FEE: \$15

Fred Robberts, Instructor
